Information Regarding the COVID-19 Vaccine

新型コロナウイルスワクチン接種に関するお知らせ

Starting Omicron Vaccines

The Omicron Vaccine is expected to provide more protection against severe disease, infections, and symptoms of COVID-19 than existing vaccines. Currently, all vaccinations regardless of the number of doses, are optional and not compulsory.

The Omicron vaccine is available as a booster to those who have completed a full dose of the original vaccine (dose 1 and 2) and are over the age of 12. Additionally, the vaccine can be taken 5 months after your last dose (full dose, 3rd or 4th shots.)

< Those who have a Vaccine Voucher (not yet received shot 3 or 4) >

→ You can use the same Vaccine Voucher you received from the Aizuwakamatsu City.

※Vaccine reservations and shots will start from mid-October. If you have lost your voucher, it can be re-mailed to you. (Please apply online through the City Homepage, or by phone through the Aizuwakamatsu City COVID-19 General Hotline)

< Those Without a Vaccine Voucher >

◎ Residents who received their 3rd dose before May 2022 → starting from mid-October, vouchers will be sent out in chronological order by last vaccine date.

◎ Residents who received their 2nd , 3rd , and 4th doses after June 2022 → Vaccine Vouchers will be sent out by the end of the month before the one you are eligible to receive your next vaccine. Vaccine appointments can be made once you receive your voucher. (November vaccine reservations can be made from Oct 24 (Mon)~)

How to Apply

◎ Online registration (24hours)

◎ Phone registration (available from 9:00-18:00, including weekends and holidays)

Please Help Prevent the Spread of COVID-19 Infections

新型コロナウイルス感染症対策へのご協力をお願いします

How to get tested or receive treatment if you are worried about infection or have symptoms

Please take advantage of the free tests offered by Fukushima Prefecture. (※elderly or pregnant people should seek medical attention)

- ▶ Asymptomatic people who are worried about infection → use the general testing services
...Apply to get tested at a designated pharmacy within the prefecture that offers testing by showing your ID (some pharmacies require an appointment)
- ▶ Close contacts or symptomatic people → Use the Prefecture's free test mailing service
... Once symptoms appear, take the test at home ※ 1-2 days for delivery after applying.

If any of the tests, or a self-test, is "Positive," please contact the Prefectural Positive Result Registration Centre. ※Online only
◎ Those with a high-risk of complications, or those with severe symptoms → people over 65, pregnant persons, high-risk people, those with severe symptoms should see medical attention.

Positive Individuals: Going out During the Isolation Period

Minimal outings during quarantine are permitted in certain cases for buying food or daily essentials.

< Permitted Cases: >

- ① People whose symptoms have subsided for more than 24 hours
- ② Asymptomatic people

< When going outside: >

- Wear a mask, sanitize your hands when entering and leaving the store, take preventative measures.
- Go out during non-peak times. Keep the outing and exposure to others as short as possible.
- Avoid using public transit when travelling from one place to another.

Be Prepared Before Quarantine or Becoming a Close Contact

In order to protect the more vulnerable members of your family, make a plan for how you can stay separate from each other in your home in case of infection. Also, double-check your daily essentials, and make sure you have several days' worth.

- **Things to Prepare:** ◎ Food Products (staples and canned food – instant foods etc.) ◎ Daily medications (fever reducing drugs, anti-inflammatories etc.) ◎ Daily necessities/hygiene products (toilet paper, disposable gloves, cleaning products, feminine products, diapers etc.)

Please Contact Us if You Have Difficulty Getting Daily Essentials

If you've caught COVID-19 or are a close contact and can't leave your house, or you are having difficulty leaving even after your quarantine has been lifted, but do not have someone you can ask to pick up essentials for you, please contact us. We can help you if you have not been able to get daily essentials such as toilet paper, diapers, etc.

Did you know? Looking at Aizuwakamatsu's Universal Design

知っていますか?まちのユニバーサルデザイン

Regardless of difference in age, gender, physical ability, or language, Aizuwakamatsu is aiming to be “A City That’s Nice and Easy to Live In, For Everyone.” Aizuwakamatsu City has been incorporating Universal Design into its city planning since 2007. There’s something each and every one of us can do to make our city a more accessible place so why don’t we make a better city, together?

●**Contact:** The Office for Cooperation and Gender Equality (☎39-1405)

What is Universal Design?

What is Universal Design?

Universal Design is the design or composition of an environment or product that meets the needs of all the people who use it, regardless of age, gender, physical ability, language, etc. That means making accessible buildings, products, information, and services. It is the thought that everyone should be able to use or access these things, safely and easily, without barrier.

Why do we need it?

In recent years, with the falling birthrate, aging population, and internationalization of our communities, the lifestyles and values of the residents and visitors to our city has become more diverse. Taking this into account, the Aizuwakamatsu wants to build a community where Universal Design is the norm, so that anyone can live here happily, with a peace of mind.

Adopting Universal Design

There is nothing more important for making our community a more accessible place, than by being aware of what Universal Design is. To live in a diverse society, we must recognize others’ individuality, and understand and accept our differences. In addition, we should remember “we are all in this together” and help each other. Inequalities and problems should be dealt with from the root, and by doing so, we can get rid of the inconvenient and unequal aspects of our city one by one. Let’s do what we can, and work together to create a place where everyone can live comfortably.

What you can do

◎Dispel your assumptions and prejudices by getting a better understanding about other people’s differences, perspectives, and situations. ◎Think about the person who will use an item or place after you, and keep things neat and tidy. ◎Value everyone’s opinions and individuality at home or work or school, and try to discuss a way to make everyone more comfortable etc.
